

11th November 2022

Dear Parent/Guardian(s),

Gaayip-Yagila Primary School is looking forward to another great year of teaching and learning and would like to advise you of Gaayip-Yagila Primary School's voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. The ongoing financial support from our families ensures that our school can offer high quality education and support for our students.

The 2022 Parent Payments have enabled wide-ranging resources to cater for our students' individualised learning needs through resourcing targeted, engaging and innovative programs such as Science and The Arts, and day to day curriculum resources within the student stationery packs.

Furthermore, 2022 Voluntary Contributions have allowed us to continue to resource our library, improve our outdoor play spaces and purchase equipment for our students to utilise during breaks.

We would like to acknowledge the support of our school community and look forward to continuing the collaborative partnership in 2023.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Cassandra Hoggins
Principal

Louise Armstrong
School Council President

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
